SEWP VI Overview

The NASA Solutions for Enterprise-Wide Procurement (SEWP) VI contract, provides the latest Information Technology, Communication, and Audio-Visual (ITC/AV) solutions and services for all Federal Agencies and their approved contractors. The SEWP VI vehicle represents acquisition innovation within the Federal Government. The program is self-funded through the SEWP VI surcharge fee (0.34%) and provides all Federal agencies with acquisition support - more than 50,000 orders a year.

MO is a **Category C Mission-Based ITC/AV Service Solutions)** awardee on the NASA Solutions for Enterprise-Wide Procurement SEWP VI, part of a multi-award Government-Wide Acquisition Contract GWAC) and one of the federal government's premier acquisition vehicles for information technology products and services.

SEWP VI is available to federal agencies and authorized federal contractors who may or maynot be a part of NASA. Customers uncertain about their eligibility can contact the NASA SEWP Customer Help Desk at 301.286.1478 or email help@sewp.nasa.gov.

About MO

MO helps agencies modernize health and benefits service delivery by combining design, data, product management, engineering, and adoption. We work across customer experience, operations, technology, policy, and data to improve access, reduce administrative burden, and deliver measurable mission outcomes.

Why MO

Most firms modernize technology.

We modernize service delivery.

By combining design, data, product management, engineering, and adoption, we help agencies improve access, reduce administrative burden, and deliver measurable outcomes.

Fair Opportunity

FAR 16.505(b) 1) provides that each contractor shall be given fair opportunity to be considered for each order exceeding $10,000 and issued under multiple award contracts. The FAR states that the method to obtain fair opportunity is at the discretion of the Contracting Officer CO) and that the CO must document the rationale for placement and price of each order. Using the SEWP online Quote Request Tool QRT) is the recommended method to assist in this activity and to augment the required decision documentation. The SEWP QRT will automatically include the Contract Holders within a selected category or based on a suggested source.
